Objectives:

Students will identify the hour and minute hands on a clock and tell time to the hour.

Students will tell and write time to the hour using digital and analog clocks.

Students will show and tell how to tell time to the half hour.

Students will read and use a schedule.

Essential Understanding:

The hour hand tells the hour, and the minute hand tells the number of minutes after the hour.

Time to the hour can be shown on an analog clock or on a digital clock and can be written in two ways: ___ o'clock or ___:00.

Time can be given to the half hour.

In order to solve some problems, data needs to be selected from a source outside the statement of the problem, like a table.

Vocabulary: hour hand, hour, minute hand, minute, o'clock, half hour, schedule

Alphabet Letter and Numeral Practice in our Handwriting Books

At home when students are writing please encourage the correct pencil grip and formation of letters and numbers. With continued practice students will master and develop the fine motor skills required to write legibly.

In class we are working on: Writing letters correctly and writing complete sentences and turning those sentences into paragraphs.

Students are learning to ask themselves questions when writing:

1. Did I spell the words correctly? What resources could I use for help?
2. Did I begin the sentence with a capital letter?
3. Were all the proper nouns capitalized?
4. Are my letters spaced correctly? Are they legible?
5. Did I use correct punctuation in my writing?
6. Do my words make sense to others reading the sentence?

Handwriting: We are using the Zaner-Bloser Handwriting Method to help students to become more effective communicators. Zaner-Bloser provides consistent instruction in an ongoing manner. Research indicates this has proven to

be an important component for overall literacy development. Students are developing effective communication skills with developmentally appropriate handwriting instruction, which has proven to lead to stronger literacy skills. Zaner-Bloser Handwriting ©2012

 **Communication Arts: Reading**

Students will be working in cooperative groups to explore books with a common theme. Each Week groups practice a variety of skills and read books on their appropriate instructional level.

 **Self-Guided Reading: Book Club Books**

The books each week all have one common theme with a variety of Lexiles. Children are allowed to select their book for book club based upon interest. There are differentiated lessons to complete after reading their selected book.
